JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

MUNICIPAL ORDINANCES, RULES, AND REGULATIONS PERTAINING TO PUBLIC HEALTH.

AUSTIN, TEX.

Communicable Diseases—Quarantine. (Ord. June 2, 1913.)

SECTION 1. That all cases of scarlet fever shall be placed and kept in quarantine for a period of not less than 21 days from the date of the beginning of the disease, and for such additional period thereafter as in the judgment of the city health officer may be necessary.

SEC. 2. That all cases of diphtheria shall be placed and kept in quarantine for the period of not less than 14 days from the date of the beginning of the disease, or until and for such other period as shows in the judgment of the city health officer based upon laboratory examinations of the throat that there are no diphtheria germs present in the throat.

SEC. 3. That all cases of smallpox shall be placed and kept in quarantine for a period of not less than 18 days from the date of the beginning of the disease.

SEC. 4. That any and all persons refusing to go into quarantine upon the order and under the direction of the city physician, or who shall break or come out of quarantine sooner than the period fixed for quarantine by this ordinance for the several diseases hereinabove named, or who shall come out of quarantine without the consent of the city physician shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine of not less than \$5 nor more than \$100.

CAIRO, ILL.

Milk and Milk Products—Production, Care, and Sale. (Ord. 25, Sept. 10, 1913.)

SECTION 1. That no person, firm, or corporation shall produce for sale, sell, offer for sale, or have in his, their, or its charge, custody, or control for sale or distribution within the city of Cairo any milk, cream, or buttermilk without first obtaining a permit from the board of health of said city of Cairo to conduct such business or distribution of milk, cream, or buttermilk.

SEC. 2. That a permit authorizing the sale of milk, cream, and buttermilk within the said city of Cairo may be obtained from the board of health of said city of Cairo upon paying to the said board of health for the said city of Cairo the sum of 50 cents per annum for such permit, and such permit shall at all times be conspicuously displayed in the place of business of the holder of such permit. All such permits shall be good and in force until the 1st day of January next ensuing. Permits thus issued are not transferable by reason of sale or transfer of business, nor is any of the said fee paid for such permit to be refunded to the holder thereof by reason of the cessation of the sale of milk or any of its products by the holder of such permit prior to the termination of the period for which said permit has been issued. All such permits shall expire on the 31st day of December of the year in which the same are issued. No such permit shall be issued for a less fee than 50 cents, and an acknowledgment of the receipt of the fee for such permit shall appear upon the face of said permit when the same is issued. All fees thus collected by the board of health for such
